

# Bloody tales and the Raiders of Rold Skov

Half-day excursion from Aalborg

Unique Experiences of Aalborg

Many years ago, Denmark's largest forest was home to the notorious Raiders of Rold, who made life unsafe for all who passed. With the descendants of the original raider, we offer an exciting, and highly original forest walk in the forest and an extraordinary get together in the Raiders' Camp, in the middle of the forest.

We meet at the assembly point at the outskirts of the forest, where Queen Raider will greet you. She will then guide you through the forest, and let you in on some of the gruesome and bloody stories about the forest and her raiders. Arriving at the Raiders' Den in the heart of the forest, you are met with a mug of authentic mead before the traditional competitions begin. When darkness falls, the raiders will be hosting a delicious banquet at the long tables in the amazing forest. During the meal, the raiders will show you their true colours in terms of festive entertainment like authentic music, songs and sketches.

Everything takes place under the treetops, but under large canvas canopies, so no rain or bad weather will stop the feast. The event is very informal and for everybody, and it is a unique and memorable experience, which only a few people have had before – and even so: two events are never the same. It is a great way of getting together in a setting you can only dream of, and it will be talked about and remembered for a loooong time.

You will be able to compete in axe-throwing, long-sawing, archery at a level that is fun for everyone, and there will be musical entertainment by a true troubadour. All in all you will have an authentic experience in the woods, and have a taste of life as the original Raiders of Rold, who will be telling tales and urging you to take part in the fun and the singalong of Danish folk songs.

- Capacity:** Minimum: 25 pax. Maximum: 600 pax.
- Duration:** Approx. 3 hours.
- Included:** Transportation and authorized guide service.
- Activity level:** Moderate.
- Notes:** Some forest walking, so bring sensible walking shoes and warm, semi-practical, all weather clothing.
